THE GREATEST INDUCEMENTS GREAT & IMPORTANT CHEMICAL DISCOVERY.

Chemical Combination from the Vegetable

This chemical compound, with other vegetable productions, is one of the most important discoveries of the age. It is far superior to any
simple sarsaparilla syrup that hasever been used.
It has performed more than fifteen thousand
cures since the discovery was made, which is onturbed in the same of y about 12 months. The controlling power over disease which this Syrup possesses, may be attributed to the fact that it is composed purely f vegetable extracts, each article in it havin direct reference to some internal organ, consecial influence, which occasions neither sickness nor pain in their operation, and can be taken at all times and under all circumstances without regard to diet or business, is certainly a desider atom in the history of medicine. This compound extract is put up in quart bottles and offered at the low price of one dollar per bottle. The ob-

the purchase of one bottle, to test its valuable medical properties, and the power it has over discuse. It can be taken by the aged and the infinit with equal efficacy. This extract of yellow dock and sarsaparilla is a cure, positive and permanent cure for consumption, scrofala, king's evil, evisipelas, salt menm, pimples on the face, chronic, acute and inflammatory rheumaticm. chronic, acute and inflammatory rheumatism, gout, general debil ty, dyspepsia, nervous head-ache, liver complaint, spinal affections, female complaints, ulcers, humois, syphilis in its worst form, affections of the bladder and kidneys, billious cholic and serious looseness, bile-ness, colds, coughs, corrupt humors, dropsy, en-largement of the bones, fever and ague, giddi-ness, gravel, headaches of every kind, inward feness, gravel, headaches of every kind, inward fe-vers impure blood, jaundice, loss of appetite, leprosy, mercurial diseases, night sweats, ner-vous debility, nervous complaints of all kinds, neuralgia, organic affections, palpitation of the heart, painter's cholic, piles. This compound is an infallible cure for the piles, rash of blood to an infallible care for the pites, rash of blood to the head, pain in the head, side, chest, back, limbs, joints and organs, scarvy, swellings, sick headache, stiffness of the joints, exposure and imprudence of life. This newly discovered chenical compound, extracts nervous diseases from he system, cleanses the blood and invigorates the oody more effectually then any article that has ever been sold. In the vegetable kingdom, an All-wise Being has deposited such plants and herbs as are congenial to our constitutions, and adapted to the core of all curable diseases to chich human nature is incident. And this com-ound syrup is composed of those valuable plants ome of which have lately been discovered and used, and found to be certain specifics in thous-ands of diseases that before defied the best of med-

ical skill. OPINIONS OF PHYSICIANS. This is to certify that we, the undersigned physicians of the city of New York, have in a great

many cases prescribed Dr. Guysott's extract of yellow dock and sarsaparilla, and are fully as-sured that it has no equal among the varied syr-ups and sarsaparilla preparations that have ever 500 Colfrington Overcoats and Sacks, S6, 8, 10 been sold.

Opinion of a physician regarding the combina-tion of yellow dock with sarsaparilla. Mr. Bennett-Dear sir: In this age of pater medicine excitement, it affords me great pleas-ure to see, among the innumerable sarsaparilla preparations, one compound that it likely to stand the test of time.—Your syrup, combining as it does the two best roots now known, will

te constitution of the female, with all the mildness of an alterative, and still showing very plainly its valuable properties, in such diseases s inciplent consumption, barrenness, leucorrhion,incontinence of urine, or involuntary dicharge thereof; and for the general prostration of he system, no matter whether the result of inherem cause or causes produced by irregularity, illness or accident. It is astonishing to see what invigorating effects it has upon the human frame. Persons, all weakness and inssitude before taking it, at once become strong, robust and full of energy under its influence. It immediately couneracts the nervousness of the female, which is the great cause of barrenness,. It will not be asked of me to exhibit certificates of cure performed in cases of so delicate a nature, but I can as sure the afflicted that we have received a great many estrificates of wonderful cures, much beyond onrown expectations. Several cases where families have been without children, and after sing a hottle or two of this invaluable medicine

have been blessed with healthy offspring. More testimony in favor of the superiority of Dr. Guysott, s Extract of Yellow Dock and Sarsaparilla overall other similar remedies. [Estracts of letters received.] Read! Read!!

Mr S. F. Bennett—Sir, I am at a loss to express (with words) what has been said in praise of your compound Extractof Yellow Dock and Sar. saparilla. Dr. Townsend-Dear Sir: Nearly 20 years ago I took a violent cold, which cettled on my ungs and effected me severely, indeed finally, it seems a constant backing cough, but not so severe as to prevent me from attending to my business. Within the last two years it increased on me gradually. At last I became reduced—I breathed with difficulty and raised within y cough much bad matter, and for the last ninmonths previous to using your Susseparilla had regular night sweats, indeed, my friends and myself supposed I would die with Consumption; but I have the happiness to inform you that, to my parilla, I find my health restored. It relieved me gradually, and I am now enjoying better health than I have before in 26 years. I had almost entirely lost my appetite which is also restored. You are at liberty to publish this with my name in the

papers, if you choose.

My little girl, who is three years old, had a very had cough the whole of last Winter. We became very mich alarmed on her account.

While using the medicine I gave her some of it. and it soon entirely relieved her, as well as my self, and she is well now, and hearty as any chile Lever saw. She was also full of little biotches, it took them away, and her skin is smooth and fair now, and L am satisfied she recovered her lealth by using your excellent medicine.

This period may be delayed several years by using this medicine. Nor is it less valuable for those approaching womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine, have, with the consent of Dr. Hastings, of ionide women are subject.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us.
